

Adult Marshmallows

From the Campfire of Tom Smith

Ingredients:

- 1 - Bottle of regular Bailey's Irish Cream
(Flavored Bailey's can be substituted to suit your taste)
- 1 - Package of Marshmallows

Cook your marshmallow over an open flame as you normally would. When it reaches the correct browning to suit your taste, dip the cooked marshmallow into a coffee mug of Bailey's filled enough to dunk the entire marshmallow.

This is a no waste recipe. After eating the number of marshmallows that you want, you can drink the remaining Bailey's Irish cream left in the coffee mug.
